# GEM COLLECTION MOUNTS

## MOUNT SIZING

Our photo mounts are available in a variety of colours and sizes. Our products are named based on the print size that they hold. You will also see the overall size of the mount beside each product for your reference. On some sizes you will see a +. These mounts have a bigger border than the standard mounts.

## FREE BRANDING

We offer FREE personalisation from size 4x6 upwards when you order 100+ mounts, so you can personalise them with your company details at no extra cost.

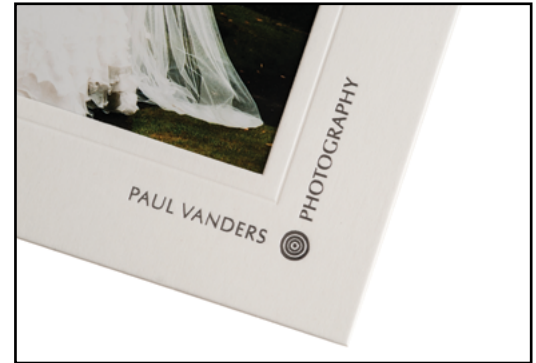

If you require unique 'once-off' personalisation for a specific event there is a charge of £40 to create the block.

Personalisation can be done to suit portrait or landscape images on the front or back of the mount. Alternatively, you can opt for our very popular "L-Shaped" block which is designed to be used in both portrait & landscape orientations.

Silver, gold, black and clear foil options are available. Other colours available by request.

## FRAME READY MOUNTS

FR indicates that the mount product is frame-ready meaning you or your client can insert the mounted print straight into a standard size frame.

Example showing personalisation with L-shaped branding

Example showing branding with no foil

# PREMIUM PINSEAL MOUNTS

An all black premium photographic mount with a pinseal finish and a single silver border around the rounded corner aperture. A two-way strut allows you to use these mounts in both portrait or landscape orientations. An excellent choice if you are looking for high quality, heavier mount. Boxed in 100's.
